

An Important Message for Our Patients

We are pleased to announce that effective Saturday, February 24, 2018, we are transitioning to a new online patient portal, **My Lahey Chart**. This transition corresponds with the launch of Epic, our new electronic health record that will connect all of our healthcare providers through one system.

While you will continue to have access to this site, it will only include your historical health information (entered prior to February 24, 2018). To view health information updated by your provider on February 25th or later, please sign up for a **My Lahey Chart** account by following these easy steps:

1. Get your My Lahey Chart Activation Code through one of these four ways:
 - During an in-person office visit with a primary or specialty care provider
 - Printed on your After Visit Summary
 - Printed on your Billing Statement
 - In person at Medical Records
2. Once you receive your Activation Code, register online at MyLaheyChart.org.

If you need assistance, please call the **My Lahey Chart Customer Support Team** at **781.744.7300**.

Thank you for your patience as we make this transition. We appreciate the opportunity to provide you with medical expertise and personalized care in support of your health and wellness.

For more information, please refer to these [My Lahey Chart FAQs](#).
